

Disclaimer & Warning

This paraglider is a non-certified, non-homologated paraglider – Flying it is AT THE PILOT'S OWN RISK. Aerobatic flight (ACRO) may seem easy to the untrained pilot, but carries potential danger.

Flying this glider requires SPECIFIC PILOT TRAINING and extensive flying experience. APCO Aviation and its representatives DISCLAIM ANY RESPONSIBILITY AND LIABILITY for injuries or damages resulting from the use of this equipment.

Aerobatic flight by nature creates flight configurations that exceed the tested flight envelope and can lead to total loss of control resulting in damage to the glider and physical injury to the pilot.

Under European Aeronautical Law, AEROBATIC FLIGHT IS STRICTLY FORBIDDEN.

The pilot flying this product must observe the national laws regarding licensing and flight rules.

This paraglider MUST BE INSPECTED, EXAMINED and SERVICED REGULARLY.

It is the pilot's responsibility to insure that the paraglider is in a condition that will not compromise flight safety.
